

Verse 1

Hi, I'm Jelly and I'm Cherry Berry
Would you like a friend at school today? Yeah!

I could show you around You could show me around?
All the best spots to learn and play

There's a chair, and some books, and a taco loving Cook
Here's the right spot to put your tray.

Theres Kevin and Marty their hardly ever tardy.
And we read our bibles to start each day.

Chorus:

My God, he cares for and loves me
He shows me how friendship should be

My God, (My God) cares for and loves me
He shows me how friendship should be

Verse 2

There's a story in the bible about two friends
One is David and the other is Jonathan

These men were like brothers, they were just like kin
but their friendship was tested when Saul stepped in

A good buddy is there when you most need them
Keeps you on track-has your back- when the trials begin

Saul was jealous, he was mad and he hated him
but Jonathan defended David to the very end!

Chorus:

JELLY
My God, he cares for and loves me
He shows me how friendship should be

UNISON: My God, (My God) he cares for and loves me
He shows me how friendship should be

Verse 3

Ruth was loyal to her friend
made sure that Naomi was not alone

She bravely went with her to a strange land
Far from the comforts and the people that she called home

God blessed her for her loving heart
And the friendship that she had shown

Be a friend like she was and you will find
that the example that you're planting will be widely known

CLAPS

Chorus:

My God, he cares for and loves me
He shows me how friendship should be

UNISON: My God, (My God) cares for and loves me
He shows me how friendship should be

Verse 4

Did you know? You can be-a friend of God
He will guide you-walk beside you-everywhere you've trod (fast)

He sent Jesus to this Earth to show us His way
How to live, and how to learn to be a friend each day

12 men Jesus gathered and said follow me,
they learned to walk and talk and preach about the kingdom to be

The more they were together their friendship grew
And that example was passed down from them to me and you

Verse 5

I'm so glad that we can be friends. **Me too!**
It looks like our tour is about to end

There's this-and that-and this and him
Now you know this school from every corner and bend

Jesus reaches through and preaches and teaches us to give

so we'll help show others how to share and live.

Hey there Jelly? Yes Miss Berry? You are most impressive
Thanks for the tour and your friendship; I'm appreciative

Chorus:

My God, (My God) cares for and loves me
He shows me how friendship should be
